Meetings

Josh Gerlach & Callum Pullyblank [Team: Income Systems]

Date: 23rd May 2017

Method Of Contact: Facebook Chat

Discussion:

- Retrieval of Historical Data for Yahoo Finance API
- Maintaining connection with Yahoo Finance API
- Callum suggested downloading stock data from Yahoo Finance regularly, due to only retrieving the latest data from the API
- Documentation and Implementation Discussed

Outcome:

- Ideas and APIs discussed to generate.
- Specific Code unable to be shared due to application designs

Josh Gerlach & Daniel Valkovic [Team: SynerTech]

Date: 23rd May 2017

Method Of Contact: Email & In-Class

Discussion:

- Solutions for getting data since the closure of Yahoo API
- How to not be blocked for potentially spamming

Outcome:

- SticksAndStocks provided advice for relevant APIs and documentation

Date: 24th March 2017

Method Of Contact: Email & In-Class

Discussion:

- Exchanged Information and format of Meeting Minutes

Outcome:

- SticksAndStocks provided advice for relevant APIs and documentation

Teams: SticksAndStocks & SynerTech

Date: 26th March 2017

Method Of Contact: Email & In-Class

Discussion:

- SticksAndStocks providing API to get daily data for Stocks dating back to 1988.

Outcome:

- SticksAndStocks provided API to SynerTech to gather daily historical data, with example links shown as no Documentation was available

Date: 19th May 2017

Method Of Contact: Email & In-Class

Discussion:

- Recent Yahoo API issue and possible solutions
- Format of Documentation, as well as tips
- Relevant Diagrams were shown off
- Admin Functionality shown off, and further criticised

Outcome:

- SticksAndStocks and SynerTech were able to mutually understand problems, and grow with the solutions each team provided

Teams: Josh Gerlach & Andy [Team: Unknown?]

Date: 3rd June 2017

Method Of Contact: In-Person

Discussion:

- Compared Projects (UI & Basic Features)

Outcome:

Got another perspective of the same project that SticksAndStocks was not seeing every week. Andy and his team created a very professional level Stock Market Buddying App, and provided some small pointers to help us polish our own app.
